Thursday - Sunday, August 5-8, 2010

**Come experience an adventure at every turn with the
Outdoor Recreation Department**

This trip is open to all military, civilian, contractors, family and friends.

Everybody is welcome to join us.

**Enjoy the clear mountain air and scenic country side while rafting down the
"Mighty" Kennebec River.**

**This is an awe-inspiring Class IV run perfect for an introduction to "Big Water" for
beginners and adventurous rafters.**

**Conditions are predictable due to daily scheduled dam releases, which provide
strong, consistent waves enjoyed by everyone.**

**The scenery is green, lush and pristine. The summer water temperature is
surprisingly warm, and you will get a chance to swim in calm spots along the way.**

Northern Outdoor Campground, The Forks, Maine, will be our base camp.
